THANK YOU

- At iVillage, we bring the skills in a village and global markets at a level ground to ensure the enterprise is not only sustainable but also efficient and environmentally conscious - making us a **Social, Economic and Environmental** Enterprise.
- Our objective is to provide **employment opportunity** to the rural youth and upskill them to bring together the desired product with no compromise on quality, sustainability, exclusivity of the product while we promote **women empowerment** in the background.
- Our end goal is to establish **self-sustaining villages** by improving existing opportunities, attracting better ones and emphasizing the importance of local skills and workmanship.
